Frequently Asked Questions

Please read below to find answers to other frequently asked questions about our trail rides:

I've Never Ridden a Horse Before, is That Okay?

Certainly! We take out first-timers on a weekly basis, and every single one of our trail horses is gentile enough for a beginner rider. We move at an easy-walking pace, and will help you along the way.

What Should I Expect on my Ride?

Our guides will take you for a walk-only horseback ride through the park, informing you of flora, fauna, history and interesting facts about the area. At anytime we encourage you to chat with us and ask us questions, we want you to have the most enjoyable ride possible.

Do I Need a Reservation?

Yes, although rarely we can accommodate walk-ins. We encourage you to make an appointment at least a week in advance for weekend rides and several days in advance for weekday rides to ensure that we can make arrangements for your party. Please call or email to make an appointment!

Can I Ride for Less Than an Hour?

No, we only offer 1-hour and 2-hour rides, this gives our guests enough time to experience the beauty of our nature park.

Can I Ride Double / Can I Share a Horse With my Child?

No, only one person per horse, per ride, no exceptions. Double riding isn't safe for the horses or rider, and we wouldn't expect you to carry a backpack with twice your normal load through the chaparral for an hour, either!

How Many Riders Can Go at a Time?

We can take up to 6 riders at a time. If your party exceeds 6, we can divide your group into multiple 1-hour rides. Please call or email us for scheduling large groups.

Do You Offer any Discounts?

For birthday party rides of 6 riders or more, the birthday rider is free! We also offer military discounts, please ask for the manager when scheduling your ride.

Do I Have to Wear a Helmet?

Guests under 16 years of age are required to wear a helmet. Guardians must sign off for riders 16 – 18 who wish to ride without a helmet. We have helmets available for all of our guests. Adults may choose whether or not they would like to use one, although we always recommend wearing helmets.

Why is there a Weight Limit?

We use light saddle horses, and our horses can only safely carry one quarter of their body weight, including the saddle and tack. Carrying a rider over 200lbs may cause strain to our horses back, and poses a liability should the horse stumble on trail whose weight exceeds 200lbs. We have no minimum weight.

Why Can't Children Under 8 Years of Age Ride?

Horseback riding requires focus, multitasking skills and the ability to listen to direction. Our horses weigh around 1000 lbs, and we find that children under 8 are unable to effectively control horses on trail.

Can I Ride Without a Guide?

No, all riders must be taken on trail by a guide. Parties of 2 will have one lead guide, and parties of 3-8 will have a lead and a tail guide.

Can I "Run" My Horse on Trail?

No, we offer walk-only rides. We want our guests to enjoy the scenery and relax with us. Our horses are trained to stay at a walk.

Can I Take Pictures While on Trail?

We will be happy to take pictures of your party after your ride. However, we do not allow guests to take pictures while riding on trail as we want riders to focus on steering their horses and enjoying the experience. No cell phone usage allowed while on trail. We have a safe location to store your camera and other personal belongings back at the barn.

Can I Pick My Horse?

We will assign you to a horse that is best suited for your experience. However, if you have ridden a particular horse with us in the past, we will be happy to let you ride that horse again! We also may be able to accommodate color preference.

How Much Should I Tip My Guide?

Gratuities are not included in the price of your ride but are greatly appreciated! If you have enjoyed your ride, consider tipping your guides comparable to any other service industry (massage, dining, etc).
